PROFESSIONAL EXPERIENCE

ReliaQuest, In Person
Security Operations Engineering Intern   *June 2022 - Present*
- Responsible for user management, component upgrades, and troubleshooting for multiple large and complex QRadar SIEM environments.
- Worked collaboratively with customer technical teams, vendor support, and fellow security engineers to integrate a wide variety of log sources into QRadar environments.
- Wrote complex and efficient regex to parse out necessary data from logs that is needed to create custom rules and alerts.
- Troubleshooted many Security products & tools such as firewalls, EDR, Antivirus, Cloud Computing platforms, Email Security, Vulnerability Scanners, and SIEMS.
- Assisted in the creation of training with Litmos for ReliaQuest SIEM Engineers.

EDUCATION & CREDENTIALS
